

DAVIDE ASTORI¹, ITALY

Key words: multidisciplinary, linguistics, culturalhistory, knowledge, Indo-European and Semitic worlds.

**The Definition of “Knowledge” between the ‘Eye’ and the ‘Hand’:
Linguistic and Ethno-Anthropological Viewpoints Deriving from an
Intercultural Contact**

Summary

In a multidisciplinary perspective, between linguistics and culturalhistory, we try to rethink the concept of 'knowledge', recovering its value in relationship with the 'act', from a traditional point of view, struddle both the Indo-European and Semitic worlds.
